

# Hartley Calls Lewis 'Rebellious', Aims at Strengthening Law

WASHINGTON, June 25 (AP)—Rep. Hartley (R-N.J.), today called John L. Lewis a "rebellious and mutinous citizen" and declared that the new labor law will be strengthened to deal with him and a coal strike, if necessary.

Hartley is chairman of the House labor committee and co-author of the new Hartley-Taft labor act designed to curb strikes and other union activities.

"For my own part," he said in a statement, "I look upon John L. Lewis as a rebellious and mutinous citizen, a man who has refused time and time again to accept the authority of Government except on his own terms."

Hartley loosed his blast as more than 217,000 of Lewis' United Mine Workers stayed away from work, many of them with bitter protests against the new labor law. Most signs pointed to a full scale strike next month.

Hartley rejected the idea of continuing the Government's wartime power to seize struck plants and industries as a means of coping with Lewis. Rep. Howard Smith (D-Va.) has proposed this.

That step, Hartley said, would be another in a long series of surrenders to Lewis.

If the new Taft-Hartley law isn't enough, he said, he will introduce provisions of the labor bill as originally passed by the House which would outlaw a "monopolistic strike."

They were knocked out of the bill in working out a compromise with the Senate.

They were in large part aimed at Lewis and his mine workers union.

"There seems no doubt," Hartley said, "that organized labor key-noted by the United Mine Workers intend to resist with all their vast economic power over the individual, all of the orderly processes of Government."

"If this is the situation, and I am convinced that it is, the Congress of the United States can do no less than accept this challenge."

"The monopolistic strike provisions of the original House bill were developed to meet the situation."

# TRAIN LEAVES TRACK; 6 KILLED

3 Passengers Injured; Rescuers Dig Bodies From Under Coal

SHELBY, O., June 25 (AP)—Six persons were killed tonight in the derailment of the St. Louis Special of the New York Central railroad in the nearby village of Shiloh.

The six-car Cleveland-to-St. Louis train was pulled by two locomotives and the engineer and fireman of the lead locomotive were killed in the wreck and the engineer and fireman of the second locomotive died at midnight in Memorial hospital here.

Two laborers, both believed to be from Tennessee, also were killed and three of 48 passengers aboard the train were injured, none seriously.

The dead railroad crewmen were C. F. Higgins, engineer, and L. J. McCord, fireman, both of Cleveland, who were in the first locomotive, and Elmer R. Wanke, engineer, and J. D. Kennedy Jr., fireman, also both of Cleveland, who were operating the second engine.

The two laborers killed were identified as Edward Gunderson, whose decapitated body was dug out from under one locomotive, and James Lewis Brockwell, who was found beneath an overturned express car.

# Temperature Reaches 82; Forecast Unchanged

Except for occasional threatening clouds that were quickly chased away by strong, warm sunlight throughout the day, yesterday brought ideal summer weather to town with temperatures drifting up to a balmy 82 degrees for most of the afternoon.

Much the same sort of atmosphere will prevail today and tomorrow, since the weatherman forecasts partly cloudy skies and little change in temperature for the two days.

A few scattered showers are in store for tonight, the weather report added early this morning.

## Flood Waters Record New High Level in Midwestern States

OMAHA, June 25 (AP) — Surging Missouri river flood waters were setting a new high level with every measurement tonight. The record crest on big muddy headed downstream to Missouri where many dikes already have been torn by previous high water.

At Rulo in southeast Nebraska the Missouri reached 21 11 feet at 3 p.m., a new record and 0.9 of a foot over the previous record—21 02 feet at 8 a.m. today.

Already overtopping farmland as far as the eye could see from Rulo, the muddy waters lapped over new low-lying areas.

As the big muddy crest rushed downstream, Iowa and Nebraska still had floods on tributaries to deal with, and both states were faced with a mounting toll of crop and property loss.

In Iowa, the Red Cross prepared shelter for 350 to 400 families at Des Moines as the Iowa capital prepared for the highest water since 1903, expected tomorrow morning. Two hundred persons were evacuated from their homes near the Racoon river in the town of west Des Moines.

Nebraska's floods were narrowed down to the Platte and Elkhorn rivers. Nearing the mouth of the Platte was a flood crest which broke two dikes near Ashland, Neb., and inundated thousands of acres not flooded since 1941. Downstream the river was rising at Cedar Creek and Plattsmouth, Neb. The Elkhorn, in northeast Nebraska, was carrying two crests today, one of which flooded lowlands near Norfolk. The other engulfed golf courses and parks and spread over farmland near Beemer and West Point, Neb., downstream.

## U. N. Approves Proposal to Complete Probe of Incidents on Bulgarian Border

LAKE SUCCESS, June 25 (AP) — The United Nations Balkan investigation commission today averred Russian objections and adopted a United States proposal directing its subcommittee in Greece to complete its investigation of incidents on the Bulgarian frontier.

The action was taken after the subcommittee informed the parent body June 16 that Bulgarian border officials had refused to permit it to enter Bulgarian territory.

The new directive, proposed by U. S. representative Mark F. Ethridge, instructed the subcommittee to inform the Bulgarian government that it had been instructed by the commission to pursue the inquiry and to request the co-operation of the Bulgarian government.

The subcommittee also was informed that a summary of its preliminary report on the incidents and a copy of today's directive were being transmitted to the security council for its information.

Soviet representative Sergei M. Koudanovets opposed the directive on the ground that he considered the commission was exceeding its authority. He argued that the entire Balkan question was now in the hands of the security council. Polish representative Zbigniew Gwiazdzinski took a similar position.

The commission made public its action after two closed sessions. The new move came as the voluminous report of the commission to the security council was made public.

## Displaced Ukrainian Comes to Philadelphia

PHILADELPHIA, June 25 (AP) — One of Europe's thousands of displaced persons, turned up in Philadelphia today, a barefoot, hungry boy of 19.

A police cruiser found him prowling the darkened waterfront at 3 a.m. His halting English was sufficient only to convey that he was a Ukrainian, so police asked the help of Michael Darmopray, president of Philadelphia's Ukrainian-American Citizens association. This is the story the boy told through Darmopray:

His name is Paul Datsuk. When the Germans invaded the Russian Ukraine he was taken with his sister and sent to Germany as a slave laborer on a farm.

They stole food to keep alive. At times they would surreptitiously bury a carrot, return alone to gnaw secretly at it.

At war's end the boy and his sister were grouped with 26 other displaced persons for a voyage to Argentina. Illness kept him in Europe but his sister sailed.

Later he went to Hamburg, stowed away aboard an American Liberty ship. At night he stole food from the galley, slipped ashore in New York under cover of darkness. For five days he loitered there, fed and sheltered by an aged Russian. Then he stowed away on another ship.

## Does Stomach Gas and Bloat Make You Feel Miserable?

If so, here is how you may get blessed relief in freeing your stomach from this nervous distress. It works this way: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food,

Satire is a lonely and introspective  
occupation, for nobody can describe  
a fool to the life without much patient  
self-inspection.—Frank Moore Colby.

Service Above Self  
POTTSTOWN above self.  
That should be the motto of the builders,  
contractors, plumbers, plasterers and in-  
dustrialists who meet tonight to solve Potts-  
town's housing problem.  
The meeting was called by Burgess Wil-  
liam A. Griffith after other Pottstown agencies  
failed to break the building shortage. Burgess  
Griffith said an emergency existed because  
scores of families are about to be evicted  
from the low-rent William Penn housing  
project.  
"With those families about to be thrown  
out on the street, and with veterans crying  
bitterly for homes, Pottstown is faced with  
one of its greatest dilemmas in its history,"  
Griffith said.  
"Pottstown's builders must decide once and  
for all if the community is to be generous  
or heartless. Shall we house our fellowman  
or shall we chase him out of town?"

Pottstonians have a lot of pride in their  
town.  
They display a great deal of this pride  
when they meet weekly at their civic clubs.  
Their pride is reflected in the mottoes of the  
groups:  
"Service above self," is the Rotary credo.  
"He profits most who serves best," it con-  
tains.  
Kiwanis comes along with a more ap-  
propriate slogan, in this case. It says: "We  
build."  
Thirdly, the American Business club sums  
up the spirit of Pottstown with its creed:  
"Shoulders together."

Tonight is the night when Pottstown  
builders, realtors, bankers, etc., can exemplify  
all the virtues extolled in the mottoes of the  
service clubs to which they belong.  
Let Pottstown put service above self!  
Let Pottstown stand shoulder to shoulder  
to build!

Other communities have defeated the  
dwelling scarcity bugaboo. It took coopera-  
tion. It meant sacrifice of time and money.  
But for the love of their fellowman, and the  
community, others did it.  
Pottstown, too, can do it. Tonight is the  
night when it can show its true colors!

Business Failures  
BUSINESS COMPETITION is returning and  
with it many prices are coming down and  
business failures are going up. The number  
of failures still is small, but the significant  
thing is that the declining trend of failures  
that existed all during the war has been  
reversed.

Before we entered the war in 1941, we had  
as many as 1200 failures a month. In De-  
cember, 1945, there were only 42 insolvencies.  
In January of this year, failures had risen  
to 202. Mining and manufacturing concerns  
accounted for more than a third of all failures  
last year, with retail trade establishments  
making up another third.

Some increase in business failures prob-  
ably is an indication of a more healthy econ-  
omy. Wars cause the expenditure of such  
large amounts of money that during them it  
is nearly impossible for businesses to be  
so inefficient that they become insolvent.  
During the Civil War and World War I,  
business competition all but disappeared and  
failures became rare. Again, during World  
War II money was plentiful and the demand  
for goods and services so great that business  
failures almost disappeared.

Auto License Reform  
INSTEAD of making all Missouri motor  
vehicle licenses expire simultaneously, as  
they do now, a bill has been introduced in  
the legislature of that state to stagger them  
through the year.

From the State's point of view, it is bet-  
ter economy to keep a small force steadily  
employed than to concentrate transactions in a  
frantic peak period, which means putting on  
extra employees at the peak and a great  
deal of leaving among permanent employees  
of slack seasons. From the vehicle owner's  
point of view, the staggered expiration would  
be better from the time-wasting stand in line  
which now attends the registration routine.  
The bill would make permanent license  
holders also a source of some economy and  
time-saving, with annual renewal tags show-  
ing the year of issue. It also provides for  
routine notice to the owner 30 days before  
his registration is up for renewal.

Grampaw Oakley  
FUNKIN CORNERS.  
Editor, The Mercury,  
June 25.  
Dear Sir or Brother:  
Well, I see by the papers where frozen  
foods are becoming more and more preva-  
lent. Soon we may hear of the June bride who  
doesn't know how to operate a can opener!  
Much sickness, save a  
famed doctor in another  
time, is caused by foods  
which cannot even heat. Now  
we could be here heard  
of that?  
And save like last year,  
the honey trap will be be-  
low average again. About  
time we changed that old  
simile to read: "As  
bush as a tree ought to be."  
Hoping you are the same.

Fly Flags on the Fourth  
To the Editor: Next week we will ob-  
serve a holiday in memory of those brave  
forefathers of ours who risked — and  
many times gave — their lives so that  
we might have the democracy we enjoy  
today.

Since the war of revolution from the  
tyranny of England, 170 years ago, the  
people of this nation have been called  
on many times to defend our freedom and  
perpetuate democracy. Many thousands  
have marched from Pottstown alone bear-  
ing arms to uphold the traditions of their  
noble forefathers.  
Let us not lose sight of this fact next  
Friday when we are given an opportunity  
to reflect on these sacrifices. Let us re-  
member these heroes of ours not only  
with prayers of thanks and appreciation  
but by displaying the Stars and Stripes  
from every home in Pottstown.  
High street already is bedecked with  
flags, and it certainly is a thrill to go  
down high street and observe this display.  
But we should go farther.  
Each resident should see that the flag  
flies from his house on the Fourth of  
July. What a glorious spectacle it would  
be if there would be a flag flying from  
every house! This community then in-  
deed would be one we all could be mightily  
proud of.

Pottstown MRS. G. H. Y.

Let Wallace Try  
To the Editor: Former Secretary Wal-  
lace seems to feel that if proper efforts  
were made by our Government to meet  
Stalin in Berlin, the difficulties that are  
confronting the world, in which this na-  
tion and Russia are the two most im-  
portant factions, could be settled to the  
satisfaction of all nations.  
I believe the American people would be  
in full accord with such an effort. A  
commission, appointed by President Tru-  
man and Wallace, with Wallace as chair-  
man, to meet Stalin and his aids in Ber-  
lin to iron out the issues which are at  
present keeping us in turmoil and a  
peaceful solution impossible, might pro-  
duce the results Wallace thinks possible.  
I feel that Wallace should have the  
opportunity to carry his plan into ef-  
fect. If he succeeds, the world will owe  
him a debt of gratitude. If he fails, it  
would be his finish as a statesman.  
Misunderstandings with the Soviet  
Union must be ironed out. If Wallace  
can do it, I hope he will be given that  
opportunity by the President.

Children vs. Automobiles  
To the Editor: With schools out for  
the Summer there are lots of children  
on the streets and roads these days.  
Motorists, used to having them in school,  
are not on the lookout for them.  
It might be well for the motorist to  
develop his summer habit of being mind-  
ful that children play in the streets and  
roads and to keep his automobile under  
strict control accordingly.

Pottstown MOTHER

The Worry Clinic  
By DR. GEORGE W. CRANE  
ROGER T., 42, is a successful attorney.  
"But for two years he has been in-  
fatuated with a young woman of 24," his  
wife tearfully explained.  
"I have kept quiet about the affair,  
hoping to win him back. But I am no  
farther ahead now than at the beginning.  
They telephone each other daily and go on  
dates two or three times a week."  
I would like to find a clever trick  
that would solve my problem without his  
knowing I was behind it. Certainly some-  
thing must be done, for I am losing my  
patience. Two years of wrong doing  
should be long enough! Dr. Crane, what  
can I do?"

Roger fails to realize that he is a vic-  
tim of the Ponce de Leon Complex.  
Most people apparently don't know  
that men go through a "change of life"  
that closely parallels the female change,  
except for the fact that men are sadists  
whereas women are masochists. Sadists  
relish inflicting pain, and masochists en-  
joy receiving it.  
Men, therefore, accuse their mates or  
beat them up, as I described in yesterday's  
case record. Or they break conventions  
and even flaunt their faithlessness.  
Women, however, moan and groan,  
wring their hands and feel that they are  
going to die or be punished by God for  
wickedness and the unforgivable sin.  
Vaccination is the best method of pre-  
venting smallpox. In similar manner, I  
try to "vaccinate" you readers against  
succumbing to these childish emotional re-  
actions when you pass through the forties  
and fifties.  
Men don't let yourselves become  
emotionally deranged and perform like  
fools just because a younger woman's  
kisses give you a few thrills.  
Act your age! Of course those  
classmate kisses will give you thrills, but  
that fact doesn't change you from 42 to  
21 again! So quit kidding yourselves,  
especially when such behavior disgraces  
your family and friends in the process.  
And you wives need to anticipate this  
change in your husbands. Try to resurrect  
your former romantic moods. Use more  
perfume. Go to the hairdresser oftener.  
Take off 10 pounds of surplus fat.  
And by all means show more fervor.  
Bask up your husband's pride. A smart  
wife can lead her mate through this cry-  
sis period without losing him to an office  
mistress or any other unsavory lady.

Wallace as Candidate  
Perils National Tickets  
By RAY TUCKER  
WASHINGTON, June 25 — Henry A.  
Wallace's prospective entry into the 1948  
presidential contest as a third-party can-  
didate may have a greater effect on the  
Republicans' selection of their national  
ticket than it will have on President  
Truman's political fortunes.  
The Iowa's trouble — making po-  
tentialities in both camps is the most sen-  
sational conversation at the Capital today.  
It is generally admitted that if the po-  
litical Yogi tosses his turban into the 1948  
ring, he will roll up enough votes in five or  
six states — New York, California, Wash-  
ington, Wisconsin, Minne-  
sota, Colorado — to  
swing them into the  
Republican column.  
The defection of these  
states, which have  
more than 100 votes  
in the electoral college, would be almost  
sure to defeat Mr. Truman.

In fact, his veto of the Hartley-Taft  
labor bill was designed primarily to take  
the sting out of the Wallace threat. Sec-  
retary Marshall's more recent suggestions  
that Russia be included in his proposed  
plan for European economic co-operation  
was also aimed at Stalin's love-nester,  
Wallace.  
THREAT: Here is how the Wallace threat  
of a third party will affect the Republi-  
cans and perhaps ruin Gov. Thomas E.  
Dewey's present, bright chances for the  
presidential nomination, with Earl  
Warren of California, Senator Robert A.  
Taft or Senator Arthur H. Vandenberg of  
Michigan as his running-mate. Off the  
record, the three gentlemen mentioned  
as second-placers think that they should  
head the ticket.  
However, suppose that Wallace decides  
to run as a radical, Republican candidate,  
and assume that he might take those 100  
important electoral votes away from Presi-  
dent Truman. That assumption, which  
Republican political leaders are now mak-  
ing, will govern their choice of a presi-  
dential slate at Philadelphia in June of  
1948. Here is why:  
DEWEY: The Republican Warwicks will  
renominate Governor Dewey, breaking a  
historic tradition that no defeated candi-  
date should get a second chance, only be-  
cause they have their eyes on New York  
State's 47 electoral ballots. With F. D. R.  
dead, Herbert Lehman and James A. Far-  
ley in political retirement, they figure  
that Dewey would carry the Empire State.  
But — and this is no news — the  
practical, bread-and-butter, back-  
room politics just do not like Tom  
Dewey. With the possible exception  
of Senator Ives, a brilliant collaborator  
with Senator Taft in framing the  
Senate labor bill, he has not a single  
friend among national, Republican  
moguls at Washington.  
In short, Dewey will be nominated  
only if the GOP wanting power and jobs,  
thinks that he is the only man who can  
win for them.  
It is an unhappy and unfortunate  
phrase which the writer does not like to  
use but, by and large, the Republican  
politicians "hate Dewey's guts." He knows  
it, and so does Paul Lockwood, his ex-  
tremely-able and likable Man Friday.

REPUBLICAN: If Henry Wallace tosses  
his turban into the presidential ring next  
year, his defiance of President Truman  
may assure a Republican victory. The  
Republicans may not need New York's 47  
electoral votes under such circumstances.  
They can afford to disregard Dewey.  
In that event, the Republicans will  
name a safe-and-sound ticket. And,  
if Wallace enters the race, the bet-  
ting is that the Republican slate will  
be Senator John W. Bricker of Ohio  
for first place and House Speaker  
Joseph W. Martin Jr. of Massachusetts  
for the Number 2 spot.  
I wrote a few weeks ago in a Satur-  
day, question-and-answer column, that  
I thought Governors Dewey and Warren  
of California, whom I admire, would be  
the Republicans' 1948 ticket. But that,  
of course, was before Henry Wallace went  
to town.

Admiral King and "Bill" Haley, who  
was King's subordinate, recently met at

"King, I once thought that you were

Bridge  
By SHEPARD BARCLAY  
Remove Entries Early  
THERE is one tactic which it is  
seldom possible for a defender to  
overdo. That is the knocking of  
sure entries out of a dummy which  
has a dangerous looking long suit,  
when he can do it good and early.  
The device should not be used when  
it is sure to produce quick discards  
of declarers losers in some other  
side suit. But when that danger  
does not appear to prevail, the early  
removal of such an entry or entries  
can be helpful in various possible  
ways, even sometimes protecting  
the partners guarded trump honor  
which otherwise might get caught  
in a "coup" position.

Upon ruffing the club K, South  
decided West would be too smart  
to double that contract if he held  
a guarded trump honor, and so  
decided to play East for a load of  
spades to the Q. He went to the  
dummy with the spade K and  
finessed the J, learning just what  
East held. With three trumps, left,  
it was up to him to get rid of  
another in order to avoid being  
in the lead on the next to last  
trick. He saw a way to try for this.  
He laid down the heart A, then  
led the 10, which West won with  
the K. Praying for West to re-  
turn a club, he seized avidly upon  
it with the vital ruff when the A  
was sent forth, since this left him  
what he wanted, a trump holding  
of only the A-10 over East's Q-7.  
Now he went to dummy with the  
diamond A and led heart after  
heart, discarding diamonds from  
his hand. If East had ruffed at  
any time, South could have over-  
ruffed and then felled his other  
trump. East, however, discarded  
clubs, so finally the club 10 was  
led from dummy on the 12th trick,  
and East now could not help being over-  
ruffed by the declarer's two trumps  
over his own two.

When West got in with his heart  
K, he could have ruined this by  
refusing to lead a club for South  
to ruff, using a diamond instead.  
South then would have had three  
trumps left at the end, would have  
had to win the 11th trick in his  
own hand, and thus would have  
been obliged to give East a trick  
with the spade Q.

According to June Haver's pals,  
she's reconsidered her plan to sue  
Jimmy Zito for a divorce and will  
ask for an annulment instead. . . .  
Olga San Juan, who speaks fluent  
Spanish and Portuguese though she  
was born in New York, is flirt-  
ing with a big money contract of-  
fered her by a Mexican studio. . . .  
Looks like Janis Carter will get the  
lead opposite Red Skelton in "The  
Fuller Brush Man."

In today's publicity barrage is a  
dispatch from RKO, requesting all  
readers to marvel at the versatility  
of Sir Cedric Hardwicke, currently  
playing a mean-hearted, cantanker-  
ous villain in a stage play every  
evening, and a kindly, lovable  
gentleman by day in an RKO pic-  
ture. While freely admitting Sir  
Cedric's genuine ability as an actor,  
such a publicity item leaves me  
gasping. It's so blatant an admis-  
sion that most Hollywood "actors"  
are nothing more than types. For  
heaven's sake, what's remarkable  
about a trained mime being able  
to play more than one kind of a  
role?

North's 2-Clubs, what should South  
bid?

Pottstown Sketches By PHILLIPS

50 Years Ago  
June 26, 1897  
NEW JUSTICE — Simon B. Sower  
has been named justice of the peace in  
Upper Providence in place of the late  
Robert A. Grode.  
OPERATION — A toy "jack" lodged  
in the throat of Russell Miller, son of Mr.  
and Mrs. Warren Miller, Linfield, was  
successfully removed yesterday at Uni-  
versity hospital. Young Russell swallowed the  
object a few days ago while playing.  
SALARY REDUCTION — A general  
reduction of salaries of Pottstown school  
teachers was approved last night at the  
first regular meeting of the newly-or-  
ganized school board, held in the high  
school.  
25 Years Ago  
June 26, 1922  
HALF-HOLIDAY — This afternoon  
the clerks in Pottstown stores will enjoy  
their first half-holiday of the season.  
Thursday afternoon closing will be ob-  
served until and including Aug. 31.  
PIANIST — Ralph Leopold, well-known  
concert pianist of New York City, is in  
Pottstown on a visit at the home of his  
father, Howard Leopold, 67 North Frank-  
lin street.

AWARDED DEGREE — Richard Arms,  
son of Mr. and Mrs. George T. Arms, High  
and Adams street, who is professor of  
mathematics at Gettysburg college, has  
been awarded the degree of doctor of  
philosophy.  
10 Years Ago  
June 26, 1937  
CLASS POET — David Sherbon, son  
of Dr. and Mrs. John B. Sherbon, 604 High  
street, will be class poet at class day  
exercises at The Hill, Monday morning  
preceding the commencement program.  
FUND TRUSTEE — Irvin W. Riegner,  
250 North Hanover street, today was  
named a trustee of the Bringhurst fund  
for that part of the endowment left  
for the needy residents of the borough  
of Pottstown.  
MUSIC INSTRUCTOR — Pottstown  
School board last night elected Andrew  
R. Frech, Philadelphia, instructor in in-  
strumental music at a salary of \$1200 a  
year.

GIANT — The Britannica de-  
scribes Jefferson as a large-boned,  
slim, erect man, six feet two inches  
tall, with angular features, a very  
ruddy complexion, sandy hair and  
hazel-flecked grey eyes. The range  
of his interests — in geography,  
geology, botany, zoology, ethnology,  
agriculture, plantation, medicine and  
surgery, mathematics, aeronautics, in-  
vention, government, education, lan-  
guages and literature, religion — is  
"astounding."

Voice of Broadway  
By DOROTHY KILLGALLEN  
Broadway Bulletin Board

DON BARRY'S PITCH for Joan Craw-  
ford is like Frank Shear's for the Yankees.  
The film cowboy is wooing her with every-  
thing from roses to platina. . . . Libby  
Holman has adopted a baby. . . . There's  
talk that the Duke of  
Windsor is about to land  
an important executive  
job in England—as rep-  
resentative of an Ameri-  
can movie company.  
"Prince" Mike Romanoff  
is on this side of the  
continent for a check-up  
and rest at Johns Hop-  
kins. . . . Dorothy Ford,  
filmdom's tall brunette,  
is returning to Gotham.  
One of the town's wealth-  
iest socialites is backing  
a Broadway show for her.  
Milton Berle has  
turned down four fan-  
tastic offers to work in  
Saragosa—including one  
for \$15,000 for four  
days' work, and another of \$11,000 for  
three days. . . . Richard Ney and Greer  
Garson definitely are at the "I'm sorry-  
let's make up" stage.

Mrs. Roosevelt's doctors have told  
her to cut her strenuous schedule to the  
bone, friends report. . . . Mrs. Durie  
Desloges, awaiting her divorce from a  
member of a wealthy St. Louis clan, will  
trek East to marry Tommy Shevlin,  
society sportsman, as soon as she's legally  
free. . . . Jimmy Collins' wife, who at-  
tempted suicide some weeks ago, is home  
again, fully recovered. . . . A peacetime  
"lend lease" program is being worked out  
in Washington to help aid European  
countries in dire straits. . . . Eddie Car-  
ton's daughter Edna and Cy Howard, Nan  
Wynn's ex-husband, are at the serious  
stage. . . . All police will be on 24-hour  
call during the coming American Legion  
convention. The authorities are worried  
not so much about delegate's shenanigans  
as the danger of unwary gay conven-  
tioners getting mugged on dark side  
streets in the wee hours.

Teen age designer Betty Betz's  
Hawaiian party was broken up by an un-  
invited guest who started tossing the glass-  
es at 4 a. m. . . . You'd be surprised  
if you knew the name of the big movie  
executive who has been making secret  
visits to Avak, the Armenian "faith  
healer." . . . Hidegarde, the most-mimic'd  
of the chanteuses, and Bobby Locke, the  
South African golf champion, are finding  
an amazing amount of time to spend to-  
gether. He even joined one of her floor  
shows in St. Louis. . . . Director Edmund  
Goulding may earn as much on his  
"Mamelle" royalties as he did for mega-  
phoning "Razor's Edge" for which he  
wrote the song. . . . Intimates hear the  
widow of William Boehnel, the film critic,  
may enter a convent.

Discourteous beaux complain that Sen-  
ator Claude Pepper's attractive niece  
definitely isn't interested in marriage.  
She's got her eye on politics and a seat  
in Congress. . . . Those who read the best  
seller will be surprised at the ending of  
the celluloid version of "The Hucksters"  
— or will they? It's happy, batch. . . .  
Bruce Cabot is undergoing a throat op-  
eration and will be unable to utter those  
wolf calls for four weeks afterward.

One of Hollywood's biggest stars —  
and very young, too — is heading for a  
tragic ending. Because of her narcotic  
binges her current schedule has been  
limited to one scene a day, following which  
she usually is carried from the set in  
tankers and tears. Unless a cure is  
effected, her future film will be shorted.  
Is Vincent Sardi opening a restaurant  
at Tanglewood, Mass.? That's where  
movie mood is backing a Summer theatre  
. . . . Ethel Barrymore, Joseph Cotten and  
Jennifer Jones are back in town to re-  
shoot scenes for "Portrait of Jenny." D.  
O. Selznick was unhappy with some of  
the footage taken here in early Spring.  
. . . . Lloyds of London has issued a new  
life insurance policy on C. Aubrey Smith.  
He's past 80.

### Obituaries

**MRS. MARY A. QUAY**, 89, widow of William D. Quay, died yesterday morning in the home of her son-in-law and daughter, Mr. and Mrs. Florence B. Hodge, 623 SOUTH GAY STREET, PHOENIXVILLE. Mrs. Quay, who was 89 on June 4, had been confined to her room a year and was seriously ill the past two weeks.

The last of her family, she was the daughter of the late Henry and Hannah O'Neal, and was born at Limerick. She later resided in Pottstown, and lived in Phoenixville the past 49 years. Her husband died in July, 1926. Mrs. Quay was a member of St. John's Reformed church, Phoenixville.

Surviving are three sons, Ernest E. Wyoming seminary, Kingston; Howard F. Stearfish, S.D., and William H. St. Paul, Minn.; three daughters, Mrs. C. H. Swetsford, Pottstown; Mrs. Hodge, Phoenixville; and Adrianna J. Quay, Phoenixville; 11 grandchildren, 12 great-grandchildren and one great-great-grandchild.

Funeral services will be held in a funeral home at 241-43 First avenue, Phoenixville, Saturday afternoon at 2 o'clock, with interment in Limerick Center cemetery.

**RICHARD S. BROWN**, 75, of 455 BEECH STREET, a former cigar manufacturer from Royersford, died Sunday night in Pottstown hospital after a short illness.

Mr. Brown came to Pottstown about six years ago, and lived with Mr. and Mrs. Paul Roos, 455 Beech street.

He is survived by a son, Charles Darby; and a daughter, Mrs. Susan Flaherty, Philadelphia.

Services will be held at a Darby funeral home tomorrow at 1 p.m. Interment will be in North Wood Cemetery, Downingtown.

### Norristown Driver Held for Court in Hit-Run Crash

Charged with being a hit-run driver, Carroll P. Underwood, 39, of Norristown, last night was held under \$500 bail for appearance before Montgomery County court.

Underwood, who was given a hearing at borough hall before Justice of the Peace Raymond C. Kelley, of the Second ward, also was ordered to pay \$8.50 fine and costs on a charge of being drunk, in lieu of a ten-day jail sentence.

The arrest of Underwood Tues-

day night by Patrolmen Robert Scheidt, Lewis Borgiet and Stanley Borowy followed a crash with a taxicab on High street east of Keim.

Scheidt testified at the hearing last night. He said Underwood did not halt at the scene of the crash, his automobile being found about a block and a half east of Keim street.

Paul J. Gross, of 980 North Charlotte street, told of the erratic driving of Underwood and he witnessed the mishap in which the left side of the taxicab was damaged.

Hiram Saylor, of 612 Walnut street, was the operator of the taxicab. The passenger was Miss Katharine Bauer, of 1009 Queen street. No one was injured.

### Tree Believed a Hazard, Removed on South Street

An old tree, rotted to a stage where it was believed to be a hazard, was removed yesterday on South street, between Franklin and Washington streets.

A section of the street was closed to traffic while the tree was being taken away. Police Patrolman Paul Bridgeham was on duty at the scene.

### Explains 'Bundles'

Asked if he could shed any light on the flood of parcels containing food arriving in the U. S. from starving Greece, Mark Etheridge, above, American representative on the Balkan commission, declared it appears to be "a first class racket." Etheridge recently returned to Washington to report on conditions in Central Europe.

### New Law Demands Coloring of Poisons

WASHINGTON, June 25 (AP) — A bill requiring color in some poisons, to lessen the chance of housewives putting bug instead of baking powder in the biscuits, became law today.

President Truman signed the measure which tightens up a 1910 insecticide control law. It brings rat and weed poisons under the act for the first time.

### Chief Not on Date, Just Arresting Man Dressed Like Woman

Pedestrians on Main street, Royersford, last night might have thought Chief of Police Bryson Turner was "out with another woman." But, not so—this woman happened to be a man and a robust one at that.

It was Thomas Goneski, 42, of Fourth avenue and Main street, who the police chief locked up in the police station, to await a hearing this morning before Justice of the Peace Otto H. Moyer.

Goneski essayed the role of what a well dressed woman should wear. At least he was garbed in such a manner as to cause the chief to cause his arrest on a charge of disorderly conduct and impersonating a woman. His attire included a dress with short sleeves, woman's stockings, wig and hair net, and black pumps. Yes, the dress was knee-length.

Goneski was promenading on Main street, near Fourth avenue, when the officer concluded it was time to act. He escorted him to the police station, in full view of those who happened to be out on the street and wondered what it was all about.

### Royersford High Grads Of 1934 Hold Reunion

Royersford High school class of 1934 had its annual reunion in the Valley Forge room of the Ten-to-Six club, Phoenixville.

A dinner was served after a word of grace by Herbert Geiser. New officers were elected between courses. Ernest Hurter was named president, Jack Corbin, vice-president, and Carolyn Devaux, secretary-treasurer. A committee was named for next year's reunion, to be held in the form of a picnic or banquet, to be decided by the committee.

Entertainment was provided by the Halsems, composed of Harold J. Miller and Samuel Brunner, who gave feats of magic.

### Vincent Lodge to Plan For Annual Picnic

Vincent lodge 100F, Spring City, will arrange plans for the annual picnic, at a weekly meeting tonight at 8 o'clock in Odd Fellows temple. The outing will be in charge of the entertainment committee, headed by William I. Merkey, and the social committee, William H. Frick, chairman. Applications for membership also will be received tonight.

## Anniversary Rites Scheduled at Old Trappe Church

Annual services observing the 217th anniversary of the congregation of Augustus Lutheran church and the 204th anniversary of the Old Trappe church will be held Sunday at 10:30 a. m. and 2:30 p. m.

The Rev. W. R. Zimmerman, pastor of the church, will deliver the anniversary sermon at the morning service. The Rev. Henry H. Bagger, pastor of Holy Trinity Lutheran church, Lancaster, will be the speaker at the afternoon service. The Rev. Edgar M. Cooper, pastor of the Swamp church, New Hanover, will assist with the service.

The old Trappe church, built in the year 1743, claims to be the oldest unaltered Lutheran church in America. It is situated in Trappe, on Route 422. The congregation of Augustus

church dates its organization from the year 1730, when the itinerant preacher, John Casper Stover Jr., made the first entry of a baptism in the records on March 8. It is probable that services of worship among the many German settlers were held before this time.

The oldest legible grave stone in the adjoining cemetery bears the date Sept. 9, 176. There undoubtedly were burials before that time. These earlier graves were either unmarked, or their stone have sunk into the earth.

From 1730 to 1742 the congregation was served only occasionally by clergymen. Besides John Casper Stover Jr. occasional services were held by John Christian Schultze and the Swedish pastors, Gabriel Falk and John Dylander.

Henry Melchior Muhlenberg, the first regularly ordained and called pastor of the congregation, came to America in the year 1742 to serve parishes of Philadelphia, Trappe and New Hanover. He landed in Philadelphia in November and preached his first sermon at Trappe on Dec. 12.

On Wednesday, Jan. 5, 1743, the congregation, then worshipping in a bar, decided to build a church and a school house. The log school was erected immediately and in April the stone masons started to lay the walls of the church. On May 2, the cornerstone was laid, and on Sept. 12 the first service was held in the unfinished church.

At this service the members decided not to dedicate the building until it was completed. Two years passed and finally, on Oct. 6, 1745, in a solemn ceremony, the new church was consecrated.

After more than a century of constant use, the church was abandoned when the congregation moved into a new and larger building which was erected in 1852. For some years it was neglected but efforts were finally made to preserve the building. The necessary repairs were made to the structure and since that time it has served as a monument to the faith and life of pioneer Lutherans. Thousands of people visit the old church every year.

## Pennsylvania Railroad Orders More Boxcars

PHILADELPHIA, June 25 (AP) — The Altoona shops will build an additional 1000 steel boxcars to cost \$4,580,000, the Pennsylvania Railroad announced today.

The new order, bringing the total on order to 2100 at an investment of \$9,850,000, is part of a program intended to increase the supply of cars and to give shippers the advantage of the most recent developments in car design and efficiency, the PRR said. Deliveries are scheduled to begin in October.

The cars included in the new orders will be of high-tensile steel and have an interior length of 50 feet 6 inches, or 10 feet more than the former standard boxcars. Wide single doors will facilitate general merchandise handling.

## Forest Pilot Reports Saucer-Like Objects Flying in Washington

PENDLETON, Ore., June 25 (AP) — Nine bright, saucer-like objects flying at "incredible" speed at 10,000 feet altitude were reported here today by Kenneth Arnold, Boise, Idaho pilot who said he could not hazard a guess as to what they were.

Arnold, a United States forest service employe engaged in searching for a missing plane, said he sighted the mystery craft yesterday at 3 p. m. They were flying between Mount Rainier and Mount Adams, in Washington state, he said, and appeared to weave in and out of formation. Arnold said he clocked them and estimated their speed at 1200 miles an hour.

Inquires at Yakima last night brought only blank stares, he said, but he added he talked today with an unidentified man from Ukiah, south of here, who said he had seen similar objects over the mountains near Ukiah yesterday.

"It seems impossible," Arnold said, "but there it is."

## Jury Is Completed For Slavery Trial, First Since 1880

SAN DIEGO, Calif., June 25 (AP)—The jury was completed in the trial of Mr. and Mrs. Alfred West, Jr., Ingalls, New England couple of colonial ancestry here today and the federal prosecutor prepared to begin the story of how they enslaved Dora Jones, a Negro maid.

The 64-year-old Ingalls, former Massachusetts legislator, whose family founded the town of Lynn in 1629 and defense attorney Clifford Fitzgerald said they would also have something "to unfold." Fitzgerald declared some of it would be "sensational."

Deputy U. S. District Attorney Eugene A. Tolin, whose records indicate this is the first outright slavery trial in the United States since 1880, declared:

"We will start the story in Alabama" — where Mrs. Ingalls, then a young missionary teacher fresh from Simmons college, Boston, first met Dora Jones, a girl of 17.

The Negro, now 57, who has been in "protective custody" of the FBI since she was taken from the Ingalls at the time of their arrest in Coronado, Calif., four months ago, will be a principal Government witness, Tolin stated.

She will probably not appear in court, to take the stand until next week.

First Government witness, after he presents the case, said Tolin "will be former neighbors of the Ingalls in Massachusetts."

Ingalls said they would also present testimony from Lynn and Boston people.

Mrs. Ingalls, whose two daughters — one by Ingalls and one by her first marriage to Walter Harmon of Washington, D. C. — are also on the Government's witness list — sat beside her husband and attorney at the counsel table.

All of the prospective jurors, none of whom are Negroes, were being questioned closely by Judge Jacob Weinberger concerning their racial attitudes.

Several were excused because of admitted or possible prejudice.

Other evidence of the racial angle of the case were the large number of Negroes awaiting admission as spectators and four Negro reporters at the press table. They represented papers in Los Angeles, Pittsburgh, Pa., and San Diego.

TAXI SERVICE APPROVED HARRISBURG, June 25 (AP) — James E. Taylor, of Wyalusing, was given permission by the public utility commission today to operate a taxicab service in and within a five-mile radius of that Bradford county community.

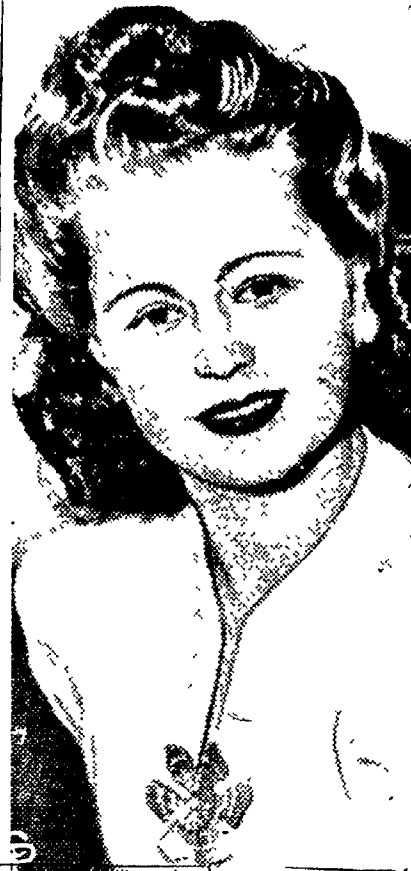

Singapore has been held by Britain since 1819.

## Sues Mate's Boss

A \$100,000 suit has been filed in Chicago by Mrs. Helen Priz, above, 25, against Mrs. Bernice Bianchini, charging her with alienating the affections of Edward J. Priz, her husband, formerly employed as a manager in Mrs. Bianchini's cafe. Mrs. Priz claimed his salary had been cut from \$100 a week to \$30.

## Mrs. Miller Returning Home From West Coast

Mrs. Isaac Miller, 308 Rosedale drive, who was stricken two and a half weeks ago in San Francisco where she had accompanied her husband to a Rotary club convention, is returning home with a nurse. Mrs. Miller's daughter, Mrs. Stanley Gross, said last night.

Still far from recovery, Mrs. Miller has been in St. Luke's hospital, San Francisco, since June 8.

Mrs. Gross said her mother left the West Coast Tuesday and will arrive in Philadelphia tomorrow.

## Siegel's Companion Tells Court How Murder Happened

BEVERLY HILLS, Calif., June 25 (AP)—An acknowledged business associate of debonair Benjamin "Bugsy" Siegel testified at an inquest today he "knew of no trouble" which could have caused the gangster's execution Friday night of the gambler, night club operator, former public enemy and intimate of many Hollywood personalities.

The witness was Allen Smiley, Hollywood sports figure who was sitting alongside Siegel on a divan in a pretentious Beverly Hills mansion when Bugsy, 42, was cut down by a burst of rifle fire through the window.

"At first I thought it was firecrackers — maybe a gag," Smiley said. "Then I saw Siegel slumped over the davenport next to me with four or five wounds in his face."

Smiley said he dived for cover and yelled to "the people upstairs" to call a doctor, call the police.

The "people upstairs" Smiley explained, were Charles Hill, brother of heiress Virginia Hill, lessee of the mansion who was out of the country at the time of the shooting.

and Miss Jerri Mason, her secretary.

Smiley said he had been associated with Siegel in the ultra-lavish \$7,000,000 Flamingo hotel and gambling casino at Las Vegas for which Bugsy was front man. He said he had known Siegel "quite a few years."

One of the shots which interrupted Siegel as he read a paper after a beach party, tipped through Smiley's sleeve, but the latter said he didn't even notice it in all the excitement until he got to the police station.

"I have no idea who could have fired the shots," he testified. "It all came as a complete shock to me, and I have no inkling of what was behind it."

Among the animals found in South America are the all or three-toed sloth, great anteater, capybara and hairy armadillo.

## Many Complaints Made On Ball Games in Streets

Police have been receiving an unusually large number of telephone calls complaining about boys playing baseball on the streets and alleys. Police said that, in most cases, there are no boys to be found when they arrive.

Complaints about noise made by motorcycles were also received last night by Police Desk Sgt. Anthony Herman. Patrolman George Waycock warned several of the drivers to operate with less noise.

# MASKED YOUTHS OUT IN FORCE TO GREET U. N.

Crowds Cheer Committee  
In Jerusalem; Kidnap  
Attempt Is Foiled

JERUSALEM, June 25 (AP)—Masked youths lined the route of passage of the U. N. investigating commission in the all-Jewish city of Tel Aviv today. Banners spread by Irqun Zvai Leumi, the underground group, proclaimed "this is our homeland, out with British invaders."

A new kidnap attempt was made in Palestine by three men against one of the liaison staff of the committee who is a member of the Palestine government secretariat.

Police found a mattress containing explosives in a house across the street from the Salvia hotel where most of the U. N. committee secretariat is quartered.

A grenade exploded in the garden of the house last night, jarring the hotel.

These developments overshadowed a memorandum submitted to the committee by the Palestine government which reported on Britain's 27-year rule.

Irqun Zvai Leumi was out in force when the committee visited Tel Aviv. The investigators reached the municipal building along streets lined by posters and masked youths tried to stop some of the activities of reporters and photographers. Associated Press photographer James Pringle was pushed around by several of them. Three policemen standing by did not interfere, explaining "We are only three and they are many."

Just before the committee arrived, banners were tossed over electric wires. These were torn down or burned later by police.

Crowds cheered the committee, and Mayor Israel Rokach appealed to the committee to "join us in our struggle to build this country for the salvation of its people."

A police patrol, summoned by the screams of Mrs. Allen Major, caused the three men to flee in an automobile after they had tried to seize her husband, a member of the U. N. liaison staff, as he was entering his flat in Jerusalem. Mr. Major was beaten and blood was spattered on his clothing. Three days ago young Jews attempted to kidnap the assistant police superintendent from a book store.

An official version of the incident said the would-be abductors were three Jews who hit the British official with a pistol, tried to choke him and fired two or three shots at a passing military vehicle when they fled.

Police said they believed the mattress containing explosives was set as a booby trap to foil a search of the house in whose garden the grenade exploded yesterday. The mattress was detonated. It wrecked one room but caused no injuries.

## Little White House Dedicated as Shrine

WARM SPRINGS, Ga., June 25 (AP)—The "Little White House" of the late President Roosevelt passed to the State of Georgia as a national shrine today, and the memorial commission to which it was dedicated immediately announced plans for a bell tower memorial taller than the Washington monument.

The mighty structure, to be known as the "Franklin D. Roosevelt Peace Tower," will be built by public subscription in the United States and abroad. It will be erected on a nearby mountain-top and dedicated to freedom and peace, a memorial spokesman said.

The United States is the only major country whose ability to produce a food supply has always outstripped its growth in population.

## Soviets Are Breaking Treaty On Ports, China Paper Says

NANKING, June 25 (AP)—China issued a White paper today accusing Russia of failing to live up to her treaty and of blocking Chinese entry into Dairen and Port Arthur ever since Japan's surrender.

The paper called Moscow's "serious attention" to the asserted failure to abide by the treaty and declared "the Chinese government is free at any time" to decide to send troops to both Soviet-occupied Manchurian ports.

On the fighting front, a government spokesman predicted a two-week Communist siege of Szepingkai would be broken shortly by relief columns which he said were nearing the Manchurian railway city.

High Kuomintang officials in Peiping said Generalissimo Chiang Kai-Shek was due there momentarily to tell his generals "how to face the present situation in North China."

The foreign office White paper's review of relations with Russia declared that Soviet obstruction had permitted the Communists to infiltrate the region around Dairen and Port Arthur and throw up a barrier to government forces.

It said that China prepared to send in troops immediately after Japan's surrender, but Russia strongly opposed the move "on the ground Dairen was to be made a free port."

The treaty with Russia making Dairen a free port had no bearing on the stationing of Chinese troops there, the White paper continued, but Soviet objections stood and China was unable to take over.

Then, the foreign office said, Chinese Communists without interference from the Russians rapidly built up armed forces near both ports "constituting a strong impediment to taking over this area by land."

Subsequently the Russians refused to allow Chinese troops to enter because "the state of war with Japan has not ended. Therefore, Dairen, as well as Port Arthur, are subject to military supervision established in the Port Arthur (Russian) Naval base," the paper added.

China's position was that under the treaty Port Arthur was set aside for "the joint use of the two countries" and that the Chinese government was entitled to send troops to the city.

Only recently, the White paper said, Soviet obstruction and that of the "local administration" of Port Arthur prevented a Chinese inspection mission from completing its work.

### Spends 18 Hours in Icebox

Four-year-old Marcello "Butch" Basco looks wide-eyed as he undergoes a hospital check in Albany, N. Y., after being found alive in an old icebox at the rear of his home. The boy, shut in the box for 18 hours, was treated for exhaustion and cuts and bruises suffered in attempts to free himself. Dr. Richard Gatalano (with stethoscope) described "Butch's" condition as "good."

### Master of Tanker Testifies at Hearing

LONG BEACH, Calif., June 25 (AP)—The master of the tanker Markay which exploded Sunday killing five, and set off a \$10,000,000 harbor fire, testified at a Coast Guard hearing today that he was "at a loss to fix the cause."

Capt. John P. Torrance, who said he had been master of the vessel since June 7, earlier said the ship's cargo included 49,000 barrels of butane blend gasoline, as well as un-

mixed gasoline and Diesel oil. Meantime, the number of men missing after the explosion was reduced to seven as the ship's operators learned that George E. Hodar, Douglas, Ariz., had left the vessel in Portland, Ore.

The average American lived 16 and one-half years longer in 1945 than in 1900.

### Member of Jury On Overell Case Threatened by Man

SANTA ANA, Calif., June 25 (AP)—An attack on a woman juror in the Overell murder case was reported to police today and there were indications the jury will be locked up for the remainder of the trial, expected to last two months more.

J. H. Mulvey, chief investigator for the attorney general's office, identified the juror as Mrs. Uvon Putnam, red-haired, 29-year-old wife of a Newport Beach shipyard carpenter.

He quoted her as saying she was sitting in the kitchen of her Balboa island apartment about midnight when she was slapped from behind on both cheeks and a masculine voice

warned: "This isn't all you'll get if you find them guilty."

On trial for yacht murder in the slayings of financier and Mrs. Walter E. Overell of fashionable Flintridge are their only child, Louise, 18, and her fiancé, George Gollum, 21-year-old medical student.

They were accused in a prosecution statement yesterday of bludgeoning the pair to death, because of an "illicit, sadistic passion amounting almost to a frenzy." Assistant Attorney General Eugene D. Williams, in the statement, charged that the motive stemmed from parental opposition to their marriage and Louise's threatened disinheritance from the \$600,000 Overell estate.

## U. N. REQUESTS SIZE ESTIMATE OF POLICE FORCE

Council Wants Answer  
By Monday; Russia  
Claims Task Impossible

LAKE SUCCESS, June 25 (AP)—The United Nations security council tonight asked the big power military staff committee to try to give a tentative estimate by next Monday on the initial size of the global police force needed to preserve world peace.

Council President Alexandre Parodi, of France, announced that he was sending the request to the military committee despite Russian and Australian declarations that the committee was being given an "impossible" task.

Australian delegate Col. W. R. Hodgson expressed belief that the question involved the most important political issue in the entire plan to set up the security force: "Is the force to be large enough to be used against one of the big powers?"

Parodi said this question was not involved, however, since the estimate was to cover only the size of the initial force. This, he said, did not preclude a later estimate on an entirely different basis.

## Eisenhower Warns of Air Blows Centered On Great Lakes If Another War Comes

WASHINGTON, June 25 (AP)—General Eisenhower warned today a new war would bring a quick aerial attack upon the industrial areas around the Great Lakes. He called for speedy coordination of the Western hemisphere's defenses, saying cooperation will make the Americas "a family of nations."

Appearing before the House foreign affairs committee, he made it abundantly clear that he considers Canadian-American military teamwork to be a major must.

The Army chief of staff, along with Secretary of the Navy Forrester and Fleet Admiral

Chester W. Nimitz, urged passage of legislation authorizing this country to supply arms and military missions to the other Americas.

As part of this program of standardization and cooperation, Forrester and Nimitz disclosed the Navy's plans—if the bill passes—to supply warships from this country's war-built surplus to replace more obsolete ships of "our neighbors."

They did not specify the types of ships, but two weeks ago an Associated Press dispatch reported the Navy was prepared to transfer four light cruisers and 117 smaller vessels to Latin America.

## Peek Behind Curtains Reveal Major Roles To Be Played by Local Women at Horse Show

Horse-racing may be a man's business, and the woman's place supposedly in the home, but a peek behind the curtain at the Bellewood Horse Show this week-end will reveal the many major roles the women of Pottstown are playing to make the show a huge success.

An out-door sport like horse-racing naturally natures the appetite, so approximately 200 auxiliary members of Pottstown and Memorial hospitals will be on hand to satisfy the hundreds of hungry horse fans. Everything from the traditional hot-dog and soda pop to home-made nut bread and cakes will be sold from badly decorated booths scattered over the palatial grounds of the Gruber estate, Schuylkill road.

Aside from food, the kiddies will be able to purchase balloons, pin-wheels and flying birds to keep them amused at a special booth manned by the Junior auxiliary of Pottstown hospital and the Junior Red Cross.

One of the feature booths will be a tobacco booth where cigarettes, cigars, and other smoking novelties, donated by wholesale houses and local dealers, will be sold. Decorated exclusively by the Philip Morris company, the booth will feature teen-aged girls dressed in peasant costumes, who will ramble through the crowd selling favorite brands.

Long before the horse show was announced, auxiliary women were busy figuring out what should be included in the program, collecting advertisements, and deciding on prizes.

And in their homes, auxiliary members were busy baking cakes, and embroidering, crocheting, and sewing children's dresses, pinafores, and aprons to adorn the gift booths.

Pottstown women will open their doors to out-of-town exhibitors over the week-end, which means extra preparation of meals. Approximately 40 guests will be staying in private homes. One of the celebrities, Mrs. Reed Albee, who recently judged the Junior League show in Lexington, Ky., and who will participate in the Pottstown affair, will be the guest of Mr. and Mrs. Edward L. Gruber.

Sometimes it doesn't pay to be the wife of an ardent sports-fan, at least as far as Mrs. Gruber is concerned. Her part in the show is small, but she says, "It means answering the telephone about 25 times a day, and then the person on the other end asks questions that I haven't the slightest idea about, so I have to contact them with the outside yards anyway. They use the house like a terminal. In and out, in and out, all day long."

As for the actual riding, local women won't be entirely in the background. They'll be represented by Mrs. Nelson Vaughan, who will ride Roy Krause's "Mister Gloves," in the Amateur five-gaiter, and the Ladies' five-gaiter.

So whether it can be considered horse-play or not, to the auxiliary women it means hours and hours of planning and hard work, coupled with the satisfaction of making the Bellewood Horse Show something to remember.

## BIRTHS

Mr. and Mrs. Lewis Martin, Stowe, announce the birth of a son yesterday in Pottstown hospital.

Traditionally Sir Walter Raleigh is said to have brought back the potato from Virginia in 1585. However, later investigations say it appears that the true potato did not reach Virginia until more than 100 years after this date.

Glass cooking utensils should be thoroughly dry on the outside before they are placed on the stove. Even a few drops of water on the outside of a glass coffee-maker, for instance, may cause uneven heating and result in cracking or breaking.

## Mrs. Anna Wagonhurst Installed President Of Soroptimist Club at Dinner in Brookside

Mrs. Anna Wagonhurst, Eschbach, was installed president of the Pottstown club of Soroptimist International at a banquet last night at the Brookside Country club, attended by more than 60 persons.

The new president succeeds Mrs. Margaret W. Fray, who assumed the position of trustee.

Miss Abigail Zell, past director of the North Atlantic region and a member of the Philadelphia Soroptimist club, was the installing officer. She presented each of the new officers with wrist corsages as she instructed them in their duties.

Others installed were Miss Ruth Benfield, first vice president; Mrs. Alice Willauer, second vice president; Mrs. Muriel Lichenwalter, secretary; Miss Mary Jane Toms, treasurer; Mrs. Evelyn Applegate, director for three years; Mrs. Lillian Bennett, director for two years and Mrs. Ruth Emery, director for one year.

In her brief message to the officers, Miss Zell informed them that they must work for a unified goal in order to make Soroptimism known throughout the world. "This is a new day for women in a new world," she declared.

Mrs. Ella Wister Haines, Philadelphia executive and past president of that club, informed the members and guests that Soroptimists are really gay people, and through anecdotes she pointed out ways of making each club a little more fun.

The guests of the Pottstown club were introduced by Mrs. Claire Asbury, of Philadelphia, toastmistress. They included Burgess William A. Griffith, Mr. and Mrs. Arthur Switzer, president of the Chamber of Commerce; Mr. and Mrs. Ralph Spahr, Chamber secretary; Mrs. Velma Hefner, president of the Business and Professional Women's club; Mr. and Mrs. William H. Walker, president of Lions club; Mrs. George Harberger, president of Rotary club, and delegations from the Philadelphia and Coatesville Soroptimist clubs.

The invocation was given by the Rev. G. A. Lineker and vocal selections were presented by Mrs. Harriet Longaker, accompanied by Mrs. Applegate. Mrs. Mina Spaulding, of Philadelphia, directed the singing.

Miss Ruth Wanish, 893 Queen street, was honored at a surprise shower Tuesday evening in the home of Miss Bernice Love, 447 Beech street.

Miss Wanish will become the bride of George Ruyak Saturday.

Games were played and refreshments served.

Present were Theresa Kovach, Irene Kovach, Theresa Bodolus and Catherine Smith.

## Ruth Wanish Honored At Surprise Shower

Miss Ruth Wanish, 893 Queen street, was honored at a surprise shower Tuesday evening in the home of Miss Bernice Love, 447 Beech street.

## Barbara Lee Bahr's Betrothal Announced

Mr. and Mrs. Alfred Munro Campbell, Rosemont formerly of Pottstown, have announced the engagement of their daughter, Miss Barbara Lee Bahr, to Lt. Samuel L. DeLong, MC, USN, son of Dr. and Mrs. Perce DeLong, Cynwyd.

Lieutenant DeLong, who attended Amherst college, is a graduate of the University of Pennsylvania and the University of Pennsylvania School of Medicine. He has been in the service since 1942, having recently returned from the Byrd Expedition where he served as a doctor aboard the Yancey. He is now stationed at Camp LeJune, N.C.

## Problems of Ex-GIs Told to Minute Men By O'Donnell, Lysoy

Two contact representatives of the Veterans Administration told a meeting of the Minute Men, held at the Howard Johnson restaurant yesterday afternoon, of some of the problems of returned servicemen.

John O'Donnell, contact representative at the VA office, and Paul H. Lysoy, who holds a similar position with the Pottstown office of the Pennsylvania State Employment Service, addressed 19 members of the group.

"During the past year 3000 Pottstown veterans have come to the office for assistance of some kind," O'Donnell told the members.

He described the acute housing conditions in this vicinity, explaining how many veterans seek loans to buy or build their homes.

Touching on education and hospitalization provisions of veterans legislation, O'Donnell concluded by asking the Minute Men to encourage veterans to hold on to their National Service Life Insurance, adding that Aug. 1 is the deadline for reinstating—without taking a physical examination.

Lysoy exploded the myth of the "lazy" veteran who takes his unemployment compensation to the limit," by revealing that only 10 veterans in Pottstown received \$20 a week for a full year.

Although 90 percent of the veterans are employed in this area he explained, there are 300 on the active job-hunting list now. He asked employers to employ veterans whenever possible, giving handicapped men an opportunity to do active work.

Arthur K. Switzer, vice chairman of the Minute Men, was in charge of yesterday's meeting.

## Court Asked to Suspend Sentence of Curley

WASHINGTON, June 25 (AP)—Attorneys for Mayor James M. Curley, of Boston, sentenced to from 6 to 18 months in jail on mail fraud charges, asked Federal District court today to suspend sentence because of his "most serious and precarious physical condition."

The 72 year old political leader who came here last night from a Cohasset, Mass., hospital where he had been undergoing treatment for diabetes and high blood pressure, is scheduled to appear in court tomorrow morning for committal to jail.

Sorrento, in southern Italy, is built on cliffs 160 feet high.

## Communists' Leader Criticizes Aid Plan

STRASBOURG, France, June 25 (AP)—Maurice Thorez, leader of French Communists, bitterly criticized the Marshall plan for this continent's recovery today, declaring it was a "Western snare" aimed at creating a bloc "which would cut Europe in two."

"We are prudent in the presence of all plans and projects, even those presented under the most engaging aspect, even when the aggressive tone of President Truman is followed by moral considerations of Gen. Marshall," he told the party's eleventh national congress.

Saying he wanted American aid for France but was "jealously preserving the independence of our country," Thorez declared he did not believe Secretary of State Marshall meant it when he said the United States was ready to help all European countries who were ready to help themselves.

"Including Russia and the nations whose regimes displease the American reaction?" he asked.

## Show Manager Expects 30,000 Spectators To Witness Three-Day Bellewood Program

A rough estimate of 30,000 persons are expected to witness six performances of one of Pottstown's outstanding yearly events, when the Bellewood Horse Show association will stage its eighth annual affair Friday, Saturday, and Sunday, according to George A. Ebelhare, show manager.

Along with what is described as "the greatest array of horse talent in the history of the event," accommodations for a greater number of spectators, as well as show entries, are being provided for by hard-working committees on the Bellewood show grounds.

An entirely new installation of lighting this year will be vastly superior to previous systems used. Whereas portable lighting units illuminated the activities during the night hours of past events, a direct electrical connection to commercial lines will throw 30,000 watts over the Bellewood show ring this season. Auxiliary electric units will serve horse tents, refreshment stands, and parking areas in an aura of light deemed "bright as day."

Boxes at the rail of the show ring this year will number 118, each seating four persons. These will be backed by a grandstand capable of holding 2200 onlookers. The grandstand and boxes will be canopy-covered this season for protection against sun and rain.

For the benefit of John Q. Public in general, who may not be familiar with horse types and classifications, here is a resume of terminology:

**HUNTERS.** There are conformation hunters, novice and green hunters, and working hunters. A hunter is so-called because it is the mount used for fox chasing. A conformation hunter is a horse judged in shows for conformation (shape or contour), quality, substance, and soundness. These animals are further divided into classes, light, middle, and heavyweights.

A green hunter is a horse which has not been hunted more than one season with a recognized pack of hounds and which has not won a blue ribbon at a recognized show in the hunter division prior to Jan. 1, 1947. A novice hunter is one which has not won three blue ribbons at recognized shows in the hunter division.

A working hunter is a mount which has hunted more than one season with a recognized pack of hounds and which has won a blue ribbon at a recognized show in the hunter division. This horse is judged on how agreeable it is to hounds, manners, hunting pace, way of going, style of jumping, and hunting soundness.

**OPEN JUMPERS.** These horses are noted for performance in jumping, and are judged only by their attainments.

**SADDLE HORSES.** These mounts are separated into two divisions, three-gaited and five-gaited. Three-gaited saddle horses are judged on quality, performance and manners in their natural gaits—a walk, trot and canter. A five-gaited animal is judged similarly on flat gaits—walk, trot, canter, slow gait and rack.

The horse is not endowed by nature with the slow gait and rack. They are man-made steps and must be taught to the animal. In order of speed, a horse moves in a walk, trot, canter, slow gait, rack, and gallop.

**WALKING HORSES.** Judged on quality, performance, and manners, these animals are shown at flat foot walk, running walk and canter.

**ROADSTERS.** These are stallions, mares, or geldings in harness to a two-wheeled cart, or "bike." They are judged on performance, quality, and manners.

**FINE HARNESS.** These horses

## Business Club to Aid At Performance of Show on Saturday

Eleven members of the American Business club offered to sell and collect tickets and perform other administrative functions at the Bellewood Horse show on Saturday afternoon, Carl Binder, president of the group, announced after last night's meeting at the Elks home.

The volunteers are Leon Seldomridge, Walter S. Zimmerman, Harold E. Binder, Edwin H. Hastenstine, Stephen Ardes, Joseph Hahn, Marshall Kauffman, William Hille-gass, Irvin L. Romich, James C. Wilke and Binder.

Two members of the Norristown ABC, Joseph Moser and Vernon Brooks, took over last night's meeting, showing the 26 members present movies of last year's national convention at Grand Rapids, Mich.

Brooks later spoke of the Norristown chapter's drive to aid spastic paralytics in that vicinity. The group has already raised \$3500, he related, with which boys and girls are sent to school near Bala - Cynwyd where they are given a chance to learn how to overcome their difficulties.

Two delegates were chosen for the national convention at Dayton, Ohio, July 10-12. They are Walter McCurdy, a member of the board of governors, and Kauffman, chairman of the special and scout committees and a member of the national publicity committee.

President Binder was in charge of the meeting.

## Rotarians to Be Quizzed By Bellewood Manager

George Ebelhare, general manager of the Bellewood Horse Show will be master of ceremonies at a quiz program to be held at the Rotary club meeting at 6:30 o'clock to night in the Elks' home.

Ebelhare will put questions about horses to the contestants.

Judge Harold G. Knight, of the Montgomery County court, will be a guest at the meeting.

South America is the fourth largest of the continents, with an approximate area of 7½-million square miles.

St. James rallied in the final three innings last night to come from behind and defeat First Baptist, 16-9, in a Sunday School league tilt on Swinehart Field.

Trailing, 8-6, going into the fifth, the winners, who moved into a tie for first place in the league, pushed across a pair of tallies to tie it up and then knocked in three more in the sixth and sewed up the contest with five runs in the seventh to give Ronnie Reynier the victory.

Reynier was touched for 14 hits while his mates were banging out 18 hits including four each by Ed Jameson and Will Ebert and three by Joe Hahn who had a triple in his assortment of base knocks.

Ken Shellenberger, who did a stunt on the mound, led Baptist with two triples.

## JIMMY DOYLE DIES AFTER TITLE FIGHT

Los Angeles Challenger Passes on After Being Knocked Out by Robinson

CLEVELAND, June 25 (AP)—Jimmy Doyle, a game little ring campaigner from Los Angeles, fought and lost his last battle today as he succumbed to injuries received in last night's world welterweight championship bout with Ray (Sugar) Robinson.

Death came to the 22-year-old Californian just 17 hours after he had been felled by a left hook in the eighth round of a bout he hoped would carry him to the championship.

His death marked the first time in ring history that a boxer was killed in a championship bout.

Coroner Samuel R. Gerber said Robinson would be arraigned immediately on a technical manslaughter charge, and police homicide members ordered the champion not to leave town.

Simultaneously, Mayor Thomas A. Burke demanded a full report of the fight from Andrew Putka, chairman of the Cleveland Boxing commission.

Every effort was made to save Doyle's life. He was operated on last night by Dr. Spencer Braden, noted Cleveland brain specialist, in an effort to relieve a paralysis of the respiratory center.

Dr. Braden said Doyle suffered a concussion and a blood clot which had caused a respiratory paralysis. The fighter was given oxygen and carbon dioxide continuously through a head cone at Chantry Hospital.

Doyle seemingly was headed for a brilliant fistic career until he suffered head injuries in a fight with Artie Levine here March 11, 1946. He was kept out of action several months before hitting the comeback trail that led to the title bout with Robinson.

Dr. Braden, however, dispelled theories that last night's injuries were related to the previous concussion. He said they were received in Doyle's fall to the ring floor.

The Californian began fighting as an 118-pound amateur at the age of 17. Tutored by former heavyweight champion Jack Johnson, Doyle began his pro career at 18 and soon became a prominent ring performer.

NEW YORK, June 25 (AP)—Frank Shea, sensational rookie right-hander, held the Cleveland Indians to three hits tonight in pitching the New York Yankees to a 3-0 victory. A cash crowd of 60,090 which soared the Yankees' home attendance past the million mark—1,018,082—in 31 games saw the bespectacled youngster register his ninth triumph and third shutout. He has lost two.

CLEVELAND, June 25 (AP)—Jimmy Doyle, a game little ring campaigner from Los Angeles, fought and lost his last battle today as he succumbed to injuries received in last night's world welterweight championship bout with Ray (Sugar) Robinson.

Dave Koslo Wins For New Yorkers as Cincinnati Rally Clicks

CHICAGO, June 25 (AP)—The New York Giants ended their second swing through the West today by trouncing the Chicago Cubs, 9-3, to pull to within one game of the idle league-leading Boston Braves.

Home runs by Walker Cooper, Willard Marshall and Johnny Mize paced the Giants' 11-hit attack against Johnny Schmitz, Hooks Wyse and Paul Erickson.

Mize's blow in the ninth with one on, was his 19th of the season. Cooper and Marshall's drives were 14th for each, the highest output for both in a single major league season.

CINCINNATI, June 25 (AP)—Hugh Poland's pinch-hit single climaxed a four-run uprising by the Cincinnati Reds in the ninth inning to beat Philadelphia today, 9 to 8, before 4475 paying fans and 3378 members of the knothole gang.

The Blue Jays had gone into the lead in the third when they counted five runs on a home run, two doubles, a triple and two singles, driving Johnny Vander Meer from the mound.

# Royer Pitches, Bats Amvet Nine To 5th Straight

Galen Royer, slim southpaw, pitched and batted the Amvets to their fifth straight City Industrial league victory last night on Franklin Field before approximately 400 fans.

Royer knocked in five runs as the Amvets chalked up an 8-3 decision behind the steady seven hit twirling of their star batter of the night.

The Amvets picked up a single tally off starter Wilson Henry in the first inning. Dori Leightcap beat out a roller to third and was sacrificed to second. He took third on a wild pitch and came home when Herb Shedlock tried to pick him off third.

Royer won his own ball game in the second. After Jack Kurtz was safe on an error and took third on Lefty Umstead's single to center, Royer came through with a two out circuit clout to right center to make it 4-0.

USA got a run in the second on Harold Shaner's single and a gift double by Shedlock when Umstead misjudged his fly to right field.

The Amvets made it 6-1 with a brace of runs in the fourth and again it was Royer who did the damage. Umstead was safe on an error and Walt Sowers, walked. Mule Davidson sacrificed them around and Royer sent a sizzling single to right field scoring both runners.

The winners picked up single tallies in the fifth and sixth. In the fifth, Kurtz walked, was sacrificed to second and scored on Sowers' double over first base while in the sixth, a single by Jake Fegley, a stolen base and an error on Bud Fritz's grounder permitted Fegley to dent the dish.

USA came through with their final two runs in the sixth on singles by Elsie Linsinger, Shaner and Joe Stitzel.

**Purchase of Two Snow Plows for Borough Given Approval by Highway Committee**

Purchase by the borough of two snow plows to cost approximately \$1700 will be recommended to borough council at the regular meeting next Tuesday evening.

The council highway committee, Gerald J. Daly, chairman, met last night and after hearing Borough Manager Dow I. Sears review the expense of snow removal program of last winter, unanimously voted to purchase two plows which will be attached to the grader and a motor truck now owned by the borough.

Sears said snow removal last winter cost the borough about \$2100. Chairman Daly said he was in favor of having the borough own necessary equipment. Renting bulldozers, plows, etc., is very expensive, he explained. At the present time the borough owns a blade plow which is useless in deep snows, according to Sears.

The committee also discussed sidewalks at points where there is heavy motor traffic. It was decided to have council amend the sidewalk ordinance so the construction of amosite sidewalks will be allowed at places where they harmonize with the general surroundings.

There also was a discussion on the failure of some property owners to install curbs as ordered by borough council. North Keim street was the main source of the discussion.

Present at the meeting were Chairman Daly, Elmer Fegley, William Bernhart, William Romich and Leon Dearolf of the committee; Councilman Allen K. Davidheiser and Borough Manager Sears.

**Last Meeting Tonight Of Firemen's School**

The closing session of the Pottstown Firemen's school will be held tonight, when the result of examinations of 41 firemen registered for the course which started April 1 will be announced by the instructor, Paul Mogel.

The examinations were held Tuesday night at borough hall. The course of instruction covered all phases of fire fighting and there was much practical work such as manipulation of ladders, hose work, operation of gas masks, fire extinguishers, etc.
